# GRENFELL: A CRIME AGAINST THE WORKING CLASS

**Day & time:**

**Venue:**

The residents of Grenfell tower died because they were poor, or black, or both.

The Tories and the profit-hungry bosses have blood on their hands.

This is a crime against the working class. The background is years of

cuts to council budgets and the fire service – and the deliberate neglect of council estates.

Come and join the debate about how this could be allowed to happen in 21st century Britain – and what we have to do to make sure it can never happen again.

Hosted by the Socialist Workers Party • [swp.org.uk](http://swp.org.uk) • Not to be flyposted
