# Victory to the junior doctors

# HUNT MUST GO!

**Jeremy Hunt has declared war on junior doctors, accusing their BMA union of 'radicalising' its members – and plotting to bring down the government.**

But the junior doctors and the BMA are fighting to defend the NHS, whatever the Tories and the right-wing media says.

Cameron and Co have been exposed as tax-dodgers by the Panama Papers, while slashing public services the rest of us rely on. That's the reality of their austerity.

We refuse to accept the endless cuts and privatisation that are devastating our NHS.

We pledge our support for the BMA's action, to build solidarity for the picket lines and protests – and we call on the TUC to organise a national demonstration in support of the junior doctors and the NHS.
*And we call on Jeremy Hunt to resign!*
